

## PATH Tele Echo Procedure

PATH allows consultation cases to be submitted to Tripler for reading of Echos. WestPAC technicians may submit an echo read request on behalf of their providers. The case is automatically titled as “Echo Read”, its patients flagged for registration by PAD, and forwarded to appropriate personnel at Tripler Cardiology.

1. A WestPAC user logs into PATH and [submits a consultation case on behalf of a provider](#). Begin at “Submit Case / Search” from the Homepage.
2. At the request consultation screen, **they must select an existing provider at Select User and “Cardiology” at Forward to Department** (Which CLINICAL SPECIALTIES do you want this case forwarded to). See red arrows below.

Request Type:  Consultation

Requesting Provider:  Pick User

**→** Select User:   
User, Testing (---- Other ---- \ Testing) **←**

Submitting To:  Tripler Army Medical Center

---

**Consultation Request** (RED FIELDS ARE REQUIRED)

**History & Physical** y/o M with NSTEMI 1 year ago, reduced LVFX. Please re-evaluate with echocardiogram.

**Other Information:**

**Assessment:**

**Consult Question(s):** please read echd  
Note: Multiple consults to the same or different specialties should be submitted as a SINGLE case.

For additional details, see AHLTA note dated:

---

**Forward To Department** (OPTIONAL)

**→** Which CLINICAL SPECIALTIES do you want this case forwarded to:   
(Hold the CTRL key while selecting multiple specialties) **←**

If any department(s) are not listed above please specify them here:

**Please Note:** The referring provider maintains full responsibility for the care of this patient during the tele-consultation process.

Media may be uploaded after case submission.

- Upon Submission, the case will be automatically forwarded to the appropriate Tripler users. Please note if the patient's name is in **Red** or **Green** text. If the text is green then the patient is already registered at Tripler, if red the patient has not yet been registered (please allow 24 hours for patient registration from case submission)
